

The Public Policy Priorities underscore the American Association of University Women’s mission to advance gender equity for women and girls through research, education, and advocacy. The work of AAUW builds upon responsible public participation, and the following priorities provide a basis for AAUW members’ actions at the local, state, national, and international levels. Implicit in each is support for government agencies administering programs, including adequate appropriations, effective and accountable administration, and provision for citizen participation.

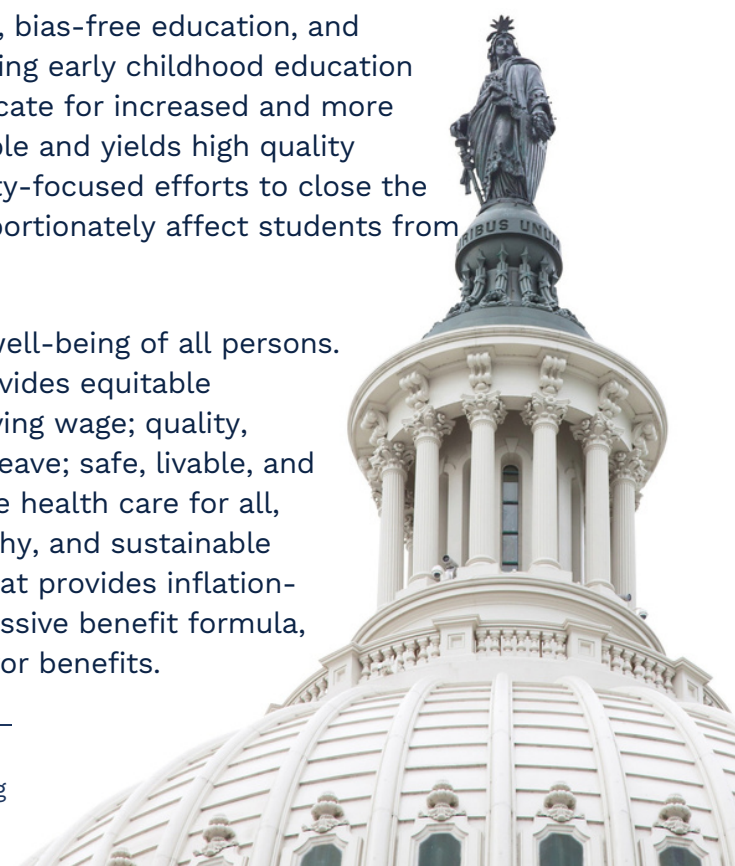

We advocate public discussion to ensure enlightened decisions on these priorities. We work to increase the number of women, and the diversity of backgrounds they represent, including race, ethnicity, age, income, gender, and sexual identity, in policy and other decision-making positions. Our positions are shaped by our commitment to being nonpartisan and fact-based, and to acting with integrity. We strive for our work to be inclusive and intersectional, collaborating with diverse allies and coalitions to achieve equity for all.

2023–2025 AAUW Public Policy Priorities

Basic to all of AAUW’s public policy efforts is the understanding that true equity requires a balance between the rights of the individual and the needs of the community. AAUW opposes all forms of discrimination and supports constitutional protection for the civil rights of all individuals.

AAUW believes that high-quality public education is the foundation of a democratic society and the key to improving economic prosperity and gender equality. We advocate equitable access to education and climates free of harassment, bullying, and sexual assault. We support academic freedom, civic education, protection from censorship, bias-free education, and responsible funding for all levels of education, including early childhood education and programs for students with disabilities. We advocate for increased and more equitable access to higher education, that is affordable and yields high quality credentials or degrees. We promote intentional, equity-focused efforts to close the persistent learning and opportunity gaps that disproportionately affect students from low-income and minority groups.

AAUW promotes the economic, social, and physical well-being of all persons. Essential to that well-being are an economy that provides equitable employment opportunities; reduction of poverty; a living wage; quality, affordable dependent care; paid family and medical leave; safe, livable, and affordable housing; quality, affordable, and accessible health care for all, including reproductive health care; and a clean, healthy, and sustainable environment. We support a Social Security system that provides inflation-protected, guaranteed lifetime benefits with a progressive benefit formula, spousal and widow benefits, and disability and survivor benefits.

We support robust and strong Medicare and Medicaid systems and oppose any efforts to undermine them, including privatization and block grant proposals. AAUW recognizes that gun violence is a public health and safety crisis.

AAUW believes in the right to privacy and freedom from violence. We firmly believe in the separation of church and state. We support a fair, balanced, and independent judiciary. We support public budgets that balance individual rights and responsibility to the community. We see an urgent need for meaningful campaign finance reform, open and fair elections that are broadly accessible to all voters, and nonpartisan voter education efforts that will promote equitable political participation and representation in appointed and elected office.

AAUW believes in the need to end white supremacy and address structural and systemic racism. Efforts to improve racial, ethnic, and gender justice must be embedded into every initiative. This includes working to eradicate intersectional bias and creating a culture of involvement, respect, inclusion, and connection, where the richness of diverse ideas, backgrounds, and perspectives is fully appreciated, understood and utilized.

AAUW believes that global interdependence requires national and international policies against human trafficking and that promote peace, justice, human rights, sustainable development, and mutual security for all people. We support the civil and human rights of all immigrants, including a fair and just path to legal status. We support a strengthened United Nations and its affiliated agencies. We advocate implementation of the Beijing Declaration and Platform for Action from the 4th World Conference on Women and subsequent declarations. We affirm our active participation in the U.N. Commission on the Status of Women and our commitment to ratification of the U.N. Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW). We support international family planning programs that are consistent with AAUW policy.
